

# NSF I-Corps Sustainability Cohort

NSF I-Corps Sustainability will train innovators who are developing products and services for our sustainable future.

- Earn up to \$3,000 in NSF award funding.
- Gain entrepreneurial skills, and learn customer discovery and problem/solution fit.
- Gateway to NSF Nationals; become eligible to apply for a grant of up to \$50K.

This 4-session regional training program provides a hands-on, high-impact, and fast-paced opportunity for innovators to learn to commercialize their technology. Open to teams from every Desert and Pacific Hub member institution.
