CREATING IMPACT THROUGH COMMERCIALIZATION

PREPARING YOUR SBIR/STTR PROPOSAL - SESSION 2

JOIN US ON JULY 8, 2020 VIA ZOOM 3:00 - 5:00 PM

ABOUT THIS SERIES:
SBIR/STTR grants are excellent funding resources to continue research and create impact through commercialization.

Over the course of three sessions, our expert speakers will provide an overview of SBIR/STTR grants, share the lessons they learned, and provide step-by-step guidance through the application process.

Missed either session 1? You can watch both here:
- Session 1 - Engineering, OpSci, Software, PS Focus
- Session 1 - Life Sciences Focus
- Save the date! Session 3 is on July 29

FOR GRADUATE STUDENTS & POSTDOCS:
Learn about funding to turn research into a business and a career beyond graduation.

FOR FACULTY:
Learn how you, your graduate students, and your postdocs can obtain funding to continue and amplify research and impact through commercial pathways.

GUEST SPEAKERS:

- **Sub-Award Contracting with the University**
  Radha Ramachandran, Ph.D.
  UArizona Contract Manager, Sponsored Projects and Contracting Services

- **Renting Lab Space on Campus**
  Brooks Jeffery
  UArizona Associate Vice President, Infrastructure
